

Increasing access to abortion health care in north east Melbourne

- A joint initiative to increase access to early medical abortion (EMA) in primary care settings in north east metro Melbourne
- Identified need for improved access in Hume, Whittlesea and Yarra Ranges LGAs
- Healthcare providers are encouraged to consider becoming a publicly list EMA provider, and/or providing patients with information other local services

Project partners:

North Eastern Public Health Unit (NEPHU)
North Western Melbourne Primary Health Network
Women's Health in the North
Women's Health East
1800 My Options

*To discuss becoming
a listed EMA
provider, or for
